

What is the Victorian Disabled Persons Parking Scheme?

It is a statewide scheme that enables people with a disability (permanent or temporary) to access designated parking spaces reserved for people with disabilities, or to park in regular parking spaces for twice the specified time, upon the payment of the initial parking fee (if applicable).

Who is Eligible for a Victorian Disabled Person's Parking Permit?

There are two permit categories; A person may only hold **ONE** permit at any given time

Category 1 (Blue permit)

People applying for a category 1 permit must meet one of the following criteria;

1. Have significant intellectual or ambulatory disabilities that require the use of complex walking aids, that prevent access to a vehicle in a standard sized space
2. Hold certification that identifies an acute or chronic condition that is intensified by walking.
3. Are a danger to themselves or others without attendance by a caregiver
4. Have a disability that is not likely to improve over a six month period

Category 1 permit holders are able to access signed disabled parking bays and/or regular parking bay for twice the time indicated on the sign (upon the payment of the initial parking fee, if applicable).

Category 2 (Green Permit)

With certification from a medical practitioner, people with a significant ambulatory disability or severe illness who cannot walk distances without rest breaks may be eligible for a category 2 permit. This permit entitles the person to park for twice the indicated time upon payment of the initial parking fee (if applicable).

How to apply for a Disabled Person's Parking Permit? (DPPP)

Application forms are available from municipal council offices. Permits will only be issued to established residents of a municipality. The first part of the application form must be completed by the individual or his/her agent. The second part of the application should be completed by the specialist medical practitioner or general practitioner, depending on the disability. A DPPP is valid through out Victoria. A DPPP is valid for 3 years.
